BIOGRAPHY

I'm a 25 years old IT student from the mountainous place of Bocenago, Italy. Living here since I was 6 years old. I have five years of work experience in various positions in a building company and I recently started a web project by myself. I love sport, especially playing football and tennis and I also like watching movies, reading and drawing.

EXPERIENCE

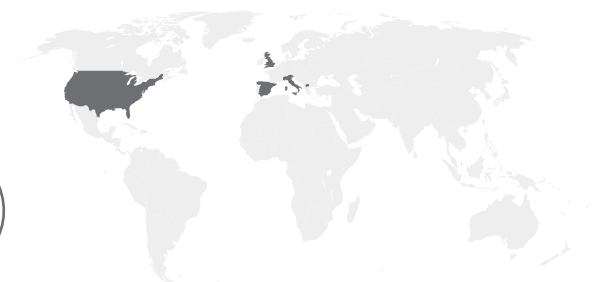

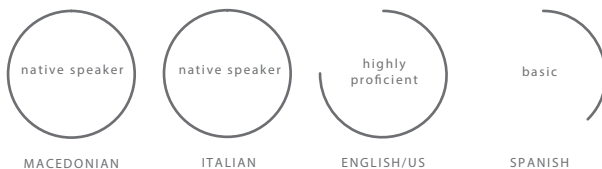

- MASON**
Costruzioni Edili Gjoreski Vlado | 2010 - 2015
Laborer, mason and sometimes foreman helped me improve my working skills such as speed, efficiency and organization.
- WEB DEVELOPER (hobby/spare time)**
2018 - Present
A database of images and informations about villages in Dolni Drimkol (my native place) displayed in a nice way where people can contribute too. This helped me improve my web-coding skills such as node, html, css, javascript, a little of jQuery and Bootstrap.

EDUCATION

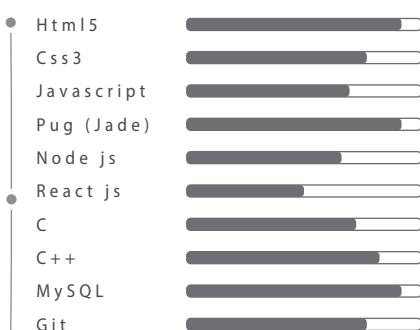

- HIGH SCHOOL DIPLOMA**
Istituto di Istruzione Lorenzo Guetti | 2008 -
Diploma as Quantity Surveyor, learned to use AutoCad and other technical instruments such as theodolites and GPSes.
- BACHELOR'S DEGREE**
University of Trento | 2015 - Present
IT student, did a lot of group projects for both coding and prototyping. Learned a lot of coding languages but most importantly I learned how to approach new ones in order to understand them quickly.

LANGUAGE SKILLS

Born in Macedonia. Lived in Italy since i was 6. Learned spanish and english in college and with friends.
